EFI Outboard motors ...

An ELPT outboard is an acronym meaning the motor has electric start, long shaft and power trim features. Electric Start.

Outboard motors designed with electric start are started by activating an electronic switch. This feature is more convenient than a manual design that uses a cord you must pull to start the motor.

Verado four-stroke outboards: No
description of using flush muffers is shown
in the manual, only the engine's hose-
adapter fitting. The description of the
procedure is short, noting only that the
engine should be off and can be either
tilted or vertical. Suzuki. The preferred
method is to flush with a flush-muff
attachment or built-in port.
