Discover the secret Joshua gave the Israelites for prosperity and success. The Israelites finally had land and the opportunity to start anew. Their leader, Joshua, spoke wisely about how to follow God’s law and how to be successful. Joshua 1:8 says, “This Book of the Law shall not depart from your mouth, but you shall meditate on it day and night, that you may observe to do according to all that is written in it. For then you will make your way prosperous, and then you will have good success.!” The Joshua Code™ is a challenge to keep the Word in our mouths through memorization and in our hearts through meditation !day and night." The fifty-two chapters in this volume are designed to lead you on a yearlong journey by spending each week memorizing and meditating on one Scripture verse so that it becomes a living part of your very being. Topics include grace, temptation, the three levels of prayer, fruit of the spirit, and more. The outlines in each chapter can also be used by the busy pastor or Bible teacher for guiding their members. God’s Word is powerful and profitable when studied and applied by anyone, the young and the seasoned believer alike. "You will both enjoy and profit from reading The Joshua Code. His emphasis upon the importance of Scripture memorization vibrates once more the lost chord of hiding God’s Word in your heart." - Dr. John Edmund Haggai, Founder and CEO, Haggai Institute “The Joshua Code literally cracks the code that every leader struggles with: In these uncertain times, with uncertain outcomes, how can a leader put first things first? The example of Joshua memorizing and meditating on God’s Word moves us from success to significance. Most of all, the emphasis on Scripture memory fits in perfectly with our matrix at Student Leadership University that you will be the same person five years from now, except for the books you read, the people you meet, the places you go, and the things you memorize.!” - Dr. Jay Strack, President & Founder, Student Leadership University "The Joshua Code is impacting our whole church as we memorize the Scriptures together. Each week the Scripture verse appears in our announcements and on Sunday evenings the verse is recited as a group and the devotional thoughts are read then discussed. This is bringing us together as a family around the Word of God." - Dr. Thomas Sherwood, Long Falls Church, Carthage, New York "Whether on the football field or the field of life you need a playbook. My friend, O.S. Hawkins' new book, The Joshua Code, is a great resource in understanding the 52 verses every believer should know. I read it regularly in my own devotions and enthusiastically recommend it to my family, friends and fans." - Roger Staubach, NFL Hall of Fame Quarterback

A collection of twenty-five narrative essays originally published in the journal, Creative Nonfiction, includes works by Lauren Slater, John Edgar Wideman, and John McPhee, with commentary by the authors following their pieces.

Advances in nanoscale science show that the properties of many materials are dominated by internal structures. In molecular cases, such as window glass and proteins, these internal structures obviously have a network character. However, in many partly disordered electronic materials, almost all attempts at understanding are based on traditional continuum models. This workshop focuses first on the phase diagrams and phase transitions of materials known to be composed of molecular networks. These phase properties characteristically contain remarkable features, such as intermediate phases that lead to reversibility windows in glass transitions as functions of composition. These features arise as a result of self-organization of the internal structures of the intermediate phases. In the protein case, this self-organization is the basis for protein folding. The second focus is on partly disordered electronic materials whose phase properties exhibit the same remarkable features. In fact, the phenomenon of High Temperature Superconductivity, discovered by Bednorz and Mueller in 1986, and now the subject of 75,000 research papers, also arises from such an intermediate phase. More recently discovered electronic phenomena, such as giant magnetoresistance, also are made possible only by the existence of such special phases. This book gives an overview of the methods and results obtained so far by studying the characteristics and properties of nanoscale self-organized networks. It demonstrates the universality of the network approach over a range of disciplines, from protein folding to the newest electronic materials.

One night, nearly two years ago, Keely Kiem was attacked. With her throat slit, she was left to rot on the cold, damp floor of a vacant warehouse. Keely survived, but not without consequences. Her mother believed the move to Hunt, Ohio would offer them protection and a fresh start. Some problems, however, cannot be outrun. Keely thought she was the victim of a serial killer, but the truth she uncovers is much more terrifying. She belongs to another world she never knew existed. One with Watchers, Guardians, and Demons?and that is just her family. The man targetling young girls and savagely murdering them is Keely’s own brother. Her friends are not who they pretend to be. Even Keely’s parents have been keeping crucial information from her. Her dad is not her dad, her mom has a secret life, and Keely’s true father is the King of Demons.Now Keely has the protection of Nick Wallace, her heartbreakingly handsome Guardian, and his nonorthodox team of defenders. Though she may have survived the first assault, is Keely strong enough to face what is coming next? Can she make the necessary decision between life and love?

In the third book of The End series, Joshua Jordan remains in Israel during his self-imposed [lexile] out of the reach of U.S. authorities who have trumped-up false criminal treason charges against him. His wife, Abigail, continues to lead the Roundtable to prove the innocence of her husband. Following the nuclear attack by Russia, Israel is cleaning up the bodies of dead enemy soldiers for 7 months and setting out on its 7 year plan!both per the prophecies in Ezekiel. As corruption in high government offices threaten to block the election of a worthy presidential candidate by all means necessary!including the unthinkable!Israel’s leadership is tempted to sign a [peace] proposal initiated by the UN under the authority of Coliquin. After he discusses this plan with Pastor Peter Campbell, Joshua is convinced Coliquin may well be the prophesied Anti-Christ and that his peace plan is a trap to destroy Israel. Are the recurring dreams Joshua has had about the coming rapture from God. And is the end sooner than anyone expects?

"An old magic resurfaces in twelve-year-old Olive’s house, and in order to save herself, those she loves, and all of Elsewhere, she must uncover the complex history of this eerie, painted world, its magical origins, and its creator"--
