Riveted is the third book in Meljean Brook's Iron Seas series, and easily my favorite of the series, and most definitely one of my favorite reads of the year. I suspect it is going to be everyone's favorite in the series... no joke! While it is based in the same Iron Seas world, it is a completely new setting, Iceland, with new folklore and mythology. New characters, too!

The New York Times bestselling author of *The Iron Duke* and *Heart of Steel* returns to the Iron Seas with a riveting new adventure of steamy romance. A century after a devastating volcanic eruption forced Iceland's inhabitants to abandon its shores, the island has become enshrouded in legend. But the truth behind the legends is mechanical, not magical—and the mystery of the island a matter of life and death for a community of women who once spilled noble blood to secure their freedom.

But when she finds herself in too deep, she'll find herself at the mercy of Will Carver, the only man she can't wrap around her finger and whose kiss she can't forget. Lena Todd makes the perfect spy. Nobody suspects the flirtatious debutante could be a sympathizer for the humanist movement haunting London's vicious blue blood elite. Not even the ruthless Will Carver, the one man she can't twist around her little finger, and the one man whose kiss she can't forget... Stricken with the loupe and considered little more than a slave-without-a-collar to the blue bloods, Will wants nothing to do with the Echelon or

To protect her, he must seduce the truth from her. With London on the brink of revolution, Lena and Will must race against time—and an automaton army—to stop the humanist plot before it's too late.
