and mobile entertainment issues and trends.

The decade since the publication of David Butler's *Mobilisation of the Nervous System* has seen the rapid growth and influence of the powerful and linked forces of the neurobiological revolution, the evidence based movements, restless patients and clinicians. *The Sensitive Nervous System* calls for skilled combined physical and educational contributions to the management of acute and chronic pain states. It offers a "big picture" approach using best evidence from basic sciences and outcomes data, with plenty of space for individual clinical expertise and wisdom.

Provides an overview of what is involved in veterinary medicine and related fields.

Print Student Workbook and Audio Activities.

Launched with the enthusiasm and support of many thousands of Australians, the One Nation party gave expression to the anger and disenchantment of voters drawn to Pauline Hanson's views on race, immigration and national identity. In this landmark study, scholars in political and social research bring into focus the character and origins of One

Nation; its organisation and right-wing links; the unprecedented role of an influential minor party in state parliament; and its indelible impact upon Australian political life. In particular this timely new book analysis One Nation's electoral failure in the 1998 federal and the subsequent NSW elections, and its subsequent deregistration and investigation for fraud. There is a key chapter on Aboriginal Australia written from the Murri perspective, while other chapters offer up intriguing social commentary on the wider issues of an Australian political populism; national identity; and the impact of globalisation.
